Beamie offers a whole new way to keep track of your vehicles. Because it's wireless and runs on batteries, Beamie is totally mobile, fits easily into any of your vehicles and can be recovered anywhere in South Africa. Beamie is a small and wireless device that has a minimum of 3 years battery life under normal operating conditions. There is no need to connect it to your vehicle's power supply, which means a fast, hassle free, non-intrusive install into your vehicle which doesn't compromise your vehicle's electronics or warranties. Beamie is purely a stolen vehicle recovery product, which means help from our dedicated 24/7 recovery team is just a phone call away.

# Beam'e introduces an industry first: **Lifetime Warranty!**

Beam'e has to be installed by an authorised fitment centre and remain in the same vehicle it was originally fitted to. If you continuously pay your monthly subscription, you won't have to worry about repairs to your Beam'e or replacement at the end of its battery life.

We will arrange that you simply take your vehicle to a fitment centre and we will install a new Beam'e,  
**free of charge.**
